RE: 10/01/83 - 10/01/84 Renewal of Workers' Compensation

Enclosed is your Estimated Workers' Compensation Premium Billing for the October 1, 1983 to October 1, 1984 fund year. We ask your cooperation in making prompt payments on the dates indicated.

Your renewal premium has been calculated from the most current payroll figures on file and is a annual estimate. Any significant changes in payrolls (resulting in a 10% premium difference) during the fund year should be reported by written notification to Ms. Fonda Brown at Risk Management Services. This will help to avoid any additional premiums or refunds at the time of final audit.

The enclosed Estimated Billing also reflects the most current rates and experience modification. Any rate or experience modification changes will be made in a Revised Estimated Billing.

Should you have any questions regarding premium payments, please contact:
